

## Adult Theater

### Improv Theater Scenework (Ages 16 & up)

Scenework is the key to improv and there are many moving parts. Have fun while learning specific components of good scenework. Build your knowledge and skills base to support more artistic choices. Hop on the joyride of 'living in the moment.' You will tune into what is present in you and your partner and focus on that relationship. Watch the 'comedic you' emerge without jokes or gags. No need to 'script' a scene or constantly invent new ideas. Listening and focus are your friends. Background: While all level of skills welcome, you should have completed a beginning improvisation class in either long or short form improvisation or have a theater background. Returning students will be able to expand their scenework skills as this class is customized to those enrolled.
