

## Photography

### Digital Photography I (Ages 16 & up)

Digital photography is a wonderful, easy and friendly medium - but should you not see it that way, then this course is for you. Students will learn basic camera controls including shutter speed and aperture in order to capture the desired image and composition. A brief introduction to photo editing using Photoshop is included. Students should have a digital camera with manual exposure control.

**18SU846.1**

**Wednesdays, 7:00 PM - 9:00 PM**

June 13- July 25, (6 weeks)

**No Class July 4**

Roylee Duvall, Instructor

**\$144 or two payments of \$72**

### Photoshop Bootcamp (Ages 16 & up)

Our Introductory "Level 1" Photoshop workshop is ideal for both those new to Photoshop and more experienced users who want to dramatically improve their Photoshop skills and abilities in a one-day workshop format. Students must have a basic knowledge of PC Windows or Mac. Computers are provided with Adobe Creative Cloud. Students are welcome to bring their own personal laptop but must have their own Adobe Photoshop software or subscription.

**Saturday, 10:00 AM - 5:00 PM**

Lunch on your own 12:30 PM - 1:30 PM

June 23, (1 day)

Roylee Duvall, Instructor

**\$125**

### Beginners Darkroom

Want to develop and print your own 35mm black and white film but have been hesitant to do it alone? This darkroom experience will be hands on with developing film, making a contact print, and selecting an image to enlarge. You will need a (properly) exposed roll of 35mm film for this course.

**18SU856.1**

**Saturday, 12:00 PM - 4:00 PM**

June 30, (1 day)

Chris Morgan, Instructor

**\$38**

### Guided Darkroom Printing

Want to contact print or enlarge your photographic negatives, but still need some guidance? This darkroom experience will give you supported time in the darkroom where you can create your prints with assistance nearby. Aesthetic and technical assistance will be available. This is for individuals with some darkroom experience.

## Digital Arts/Graphic Design

### Graphic Design Fundamentals

(Ages 16 & up)

Graphic design is everywhere you look and is defined simply as visual communication. This six week hands-on course will teach the basics of graphic design by introducing you to the design process, the fundamental principles and elements of design, and two basic graphic design programs, Adobe Illustrator and InDesign. The course will conclude by showing you how to put all of that information together. You will learn, experience and create graphic design! Computers are provided with Adobe Creative Cloud. Students are welcome to bring their own personal laptop but must have their own Adobe InDesign and Illustrator software or subscription.

Kinetic type by Ryan Grady

### Kinetic Typography with After Effects

(Ages 16 & up)

Interesting in picking up animation? Love Typography? Do words move you? Well then, Kinetic Typography is the class for you! This is a beginner level course where we will do a small animation using Adobe After Effects. This class is broken into four lessons where students will learn how to navigate After Effects, basics of typography and animation, develop storyboards for their animation, and then put their ideas into action. Basic computer skills are required. Experience with Adobe Creative Suite is a plus but not required. Students should bring pencils and a sketchbook. Computers provided with Adobe Creative Cloud.

**Thursdays, 6:00 PM - 8:30 PM**

June 7 - June 28 (4 weeks)

Ryan Grady, Instructor

**\$90**

### NEW! Animation Workshop (Ages 16 & up)

In this workshop, students will learn the basics of animation and Adobe After Effects to create a collaborative animation. This is an excellent start for any student who is interested in animation! Each student will animate part of a poem provided in the workshop. The student's animations will be combined to create the full poem. The seminar is broken down into four parts; animation and After Effects basics, studio time, rendering time, and showing of the final animation! Basic computer skills are required. Students should bring a sketchbook and a jump drive to save their work. Computers provided with Adobe Creative Cloud.

**Saturday 10:00 AM - 2:00 PM**

June 30 (1 Day)

Ryan Grady, Instructor

**\$45**

## Video

### Make a Short Documentary (Ages 16 & up)

This course, offered in collaboration with The People's Channel, teaches the essential elements of documentary video production. Students will learn how to use HD cameras, tripods, and professional audio equipment. We'll also learn basic shot composition and digital editing techniques using Final Cut Pro X. The end goal: an original 5-10 minute documentary. No experience necessary -- just a willingness to play and learn. Enrollment in this course includes a one-year membership to The People's Channel, the public access television station and community media center for Durham, Chapel Hill, and Carrboro. All equipment will be provided by TPC, and upon completion of the course, students will be certified to use TPC's cameras for additional productions throughout the year. For more information about The People's Channel, please visit [www.thepeopleschannel.org](http://www.thepeopleschannel.org). NOTE: There is a materials fee of \$25 due at the beginning of the first class meeting. The class will be held at The People's Channel in Chapel Hill.
