Making Art and Objects from  
Fused Plastic Bags**

We all want to do something to save our environment. This workshop will enable you to combine stewardship and creativity. We will use fused and sewn recycled plastic bags to make bags, purses, quilts, and decorative objects. Choose the session that's right for you: one for artists/crafters and another for a fun parent/child or grandparent/child creative experience. A \$5 materials fee is due to instructor. Students should bring in their stash of clean recycled plastic bags.

**Beginning Photography – Outdoor  
Emphasis (Ages 14 & up)**

Did you get or give a new SLR camera as a gift? Confused about the terms f-stop, shutter speed, ISO, white balance and their interactions with the ever-changing light conditions if you shoot outdoors? Do you want to control your camera by taking it off automatic and take the photo you would like instead of what the camera thinks you want the photo to be? Want to expand your photographic capabilities? This class, for beginners and intermediate level photographers, will discuss all of these, composition and many more topics with some emphasis on shooting outdoors in this class. And it'll make a good addition to that present!! Class will meet at Duke Garden on September 28 for a photoshoot, time TBD. Students should have a digital SLR camera.
