

## **Teacher Workshop: Bringing Dance into the Classroom (Teachers - PreK-12)**

How can we use dance in the classroom to support self-regulation, social development, and enhance student learning?

In this two hour workshop for classroom teachers, we will

explore ways to incorporate movement into the curriculum in order to expand learning opportunities for all students. This workshop can be tailored to meet the needs of teachers working with special populations. A planning meeting of up to 30 minutes with a school administrator is required in advance of this workshop in order to meet teacher needs and expectations.
