DAC Emerging Artist 2019 Project: *Create and update artist promotion package*

Stephen, with visual artist David Wilson, was recently chosen to create a work of public art for Durham’s Black Wall Street Gardens. His work inspires an immediate connection with his audience which has built demand for exhibiting his work nationally and internationally. He currently teaches at Duke University.
Rissi’s single “Seeds” was produced by Grammy Award-winning producer Shannon Sanders. For the music video, Palmer teamed up with indie filmmaker Emil Gallardo, who shared Palmer’s vision to unite and motivate people to vote. They also wanted the film to celebrate human freedom, dignity and unity in the face of oppression. Gillardo discovered “Seeds” thru the Imagine Then Vote online contest, where the song won an award and is currently being used by people to create their own “get out and vote” videos.
